

Position Description

Vacancy Title: **Carriage Sawmill Project Worker**

Location: **Lautoka**

Reports To: **None**

Objective

To provide skilled and semi-skilled support in the execution of the Carriage Mill Project, ensuring tasks are completed safely, efficiently, and to the required standard.

Outcomes

Organisational Stakeholders

1. Timely and quality task completion

- Complete assigned construction, installation, or maintenance tasks according to project specifications and deadlines.

2. Safe work practices

- Maintain a safe working environment by adhering to all workplace health, safety, and environmental standards.

3. Effective teamwork and collaboration

- Work cooperatively with supervisors and team members to support project goals and resolve work-related challenges efficiently.

4. Proper use and maintenance of tools and equipment

- Ensure tools, machinery, and work areas are well-maintained, organized, and used correctly to optimize productivity.

5. Application of skills and knowledge

- Demonstrate technical competence in your trade or role, applying relevant skills and experience to achieve high-quality outcomes.

6. Reliability and professionalism

- Exhibit a strong work ethic, punctuality, and professionalism in all project-related activities.
