
Position Description

Vacancy Title: **Manager Finance**

Location:

Reports To: **None**

Objective

The Manager Finance role is accountable for the full leadership, direction, and performance of the financial management function across BAF. The role ensures that all financial and accounting activities are structured, controlled, and aligned to support organisational performance, compliance, and long-term sustainability. The role is responsible for establishing and maintaining a strong financial governance framework, ensuring that all financial transactions, reporting, and controls meet statutory, audit, and regulatory requirements. Financial information is managed to ensure accuracy, integrity, and timeliness, enabling the organisation to operate with confidence and accountability. The Manager Finance provides strategic financial leadership by translating financial data into meaningful insights that support decision making at executive and Board level. This includes advising on financial risks, opportunities, investments, and performance, ensuring that financial considerations are integrated into organisational strategy, planning, and operational execution. The role also ensures effective financial planning and resource management, including budgeting, forecasting, and performance monitoring, to optimise the use of funds and maintain financial discipline. It supports the organisation to balance operational demands with long-term financial sustainability. In addition, the role leads and develops the Finance function, ensuring capability, accountability, and alignment across the team, while maintaining strong working relationships with internal stakeholders, external auditors, regulators, and the line Ministry. Overall, the role ensures that BAF's financial management systems, processes, and advice enable sound governance, informed decision making, and achievement of organisational objectives.
